The purpose of this section of the Policies and Procedures Manual ("PPM") is to describe Republic Services, Inc.'s and its subsidiaries ("Republic" or the "Company") approved policies and procedures for non-discrimination and equal employment opportunity ("EEO").

2. Applicability

This policy applies to all applicants, employees, contractors, vendors and those doing business with the Company and its affiliates.

3. Policy Effective Date

As Company policies may be modified or updated from time to time, employees always should refer to the Company's corporate website for the most current version of the policy.

4. General Policy

The Company has established this policy to ensure that all applicants and employees are provided equal opportunity without regard to their physical appearance, personal beliefs, veteran status or any other classification protected by law.

It is the policy of the Company to treat all applicants and employees as individuals without regard to their race, color, religion, sex, sexual orientation, gender identity or expression, national or social origin, ethnicity, age, disability, veteran status, genetic testing or any other classification protected by law. This means that the Company will not tolerate discrimination with respect to any employment-related decision or practice, including, but not limited to, advertising, benefits, compensation, hiring, promotion, demotion, transfer, discipline (including probation, suspension and/or termination), availability of Company facilities, performance evaluation, recruitment, social/recreational programs and training.

Table of Contents

2017 10K-Republic Services, Inc.

The following table reflects our net investment in our landfills, excluding non-depletable land, and our depletion, amortization and accretion expense for the years ended December 31, 2017, 2016 and 2015:

	2017	2016	 2015
Number of landfills owned or operated	195	 192	193
Net investment, excluding non-depletable land (in millions)	\$ 3,673.2	\$ 3,591.4	\$ 3,546.7
Total estimated available disposal capacity (in millions of cubic yards)	5,086.0	4,994.4	4,966.6
Net investment per cubic yard	\$ 0.72	\$ 0.72	\$ 0.71
Landfill depletion and amortization expense (in millions)	\$ 326.0	\$ 290.2	\$ 285.3
Accretion expense (in millions)	79.8	79.1	79.4
	 405.8	369.3	364.7
Airspace consumed (in millions of cubic yards)	82.0	78.9	77.0
Depletion, amortization and accretion expense per cubic yard of airspace consumed	\$ 4.95	\$ 4.68	\$ 4.74

During 2017 and 2016, our average compaction rate was approximately 2,000 pounds per cubic yard based on a three-year historical moving average.

As of December 31, 2017, we expect to spend an estimated additional \$9.1 billion on existing landfills, primarily related to cell construction and environmental structures, over their remaining lives. Our total expected investment, excluding nondepletable land, estimated to be \$12.7 billion, or \$2.51 per cubic yard, is used in determining our depletion and amortization expense based on airspace consumed using the units-of-consumption method.
