Subject: RE: Reverted Funds From the RTC

If it's going to the Board, I would suggest Mr. Hays and Ms. Ancrum to attend the meeting to answer any questions that may arise. Perhaps we could just list it as a discussion item. Thoughts?

Thanks, Sabrina. Do we need more detail on the proposed uses? I feel like we need to bring more detail to the board.

Subject: Reverted Funds From the RTC

Hello Ms. Robertson,

Thank you for letting us know about the funds reverted by the Regional Transportation Commission which sunset late last year.

Ms. Ancrum and I have spoken about the proper use of the funds. Had the RTC not sunset, they would have been used to further coordinate regional public transportation, specifically for:

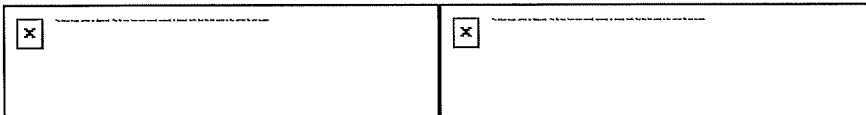

- 1) technology and equipment,
- 2) staff and administrative/planning support, and
- 3) marketing and related services.

Per Ms. Ancrum, Nassau County Council on Aging respectfully requests the BOCC to designate the funds for new/expanded technology (as one example, in-vehicle mobile data terminals) and/or equipment including local match for grant-funded vehicles.

Thank you Ms. Robertson.

Michael Hays, Transportation Director

Subject: Technology Upgrade for COA Shuttle

Good Morning Ms. Ancrum,

As you probably know, the Regional Transportation Commission will sunset at the end of this year. They have returned \$16,862 to Nassau County (pro-rate share of Nassau County's investment) and have expressed a desire for us to use the reimbursement for transit services, specifically a technology upgrade for the COA Shuttle. Does your agency currently have any needs that would fit this request?
