General Project Information

Project Title: 2017 DRUG ERADICATION AND SPECIAL RESPONSE TEAM
Subgrant Recipient: Nassau County Board of County Commissioners
Implementing Agency: Nassau County Sheriff's Office
Project Start Date: 10/1/2017 **End Date:** 3/31/2019

Problem Identification

Nassau County law enforcement continues to observe an increase in criminal and narcotic activity. This activity includes the manufacture and cultivation, sale and use, importing, transporting and exporting of illicit narcotics and subsequent illegal activities such as burglary, robbery or theft, child abuse and/or neglect (i.e. crimes against person and property), that affects the entire population of the county.

Nassau County is surrounded by deep water on the north and west borders, the Atlantic Ocean on the eastern border and Duval County on the southern border. Interstate 95 and US Highway 1 extend north and south through the entire County. The County serves as a picturesque retreat for tourist and transient populations interested in North Florida, areas within the Jacksonville Metropolitan Statistical Area (MSA), South Georgia and the Kings Bay Naval Submarine Base. The numerous modes of transportation that surround and/or encircle Nassau County provide the routing for drugs and illegal activities in the County.

Illegal drug activity adversely affects every community within Nassau County. According to the US Census Bureau, it is estimated that Nassau County is home to approximately 73,314 residents. The east side of Nassau County embraces the historic and coastal attributes and serves as a safe haven to approximately 500,000 tourists and transients each year, along with 200,000 day visitors each year. The drug industry thrives on both the permanent and temporary residents of the County. The west side of Nassau County is rural in nature and experiences methamphetamine labs and cultivation of marijuana. Certainly the portability and ease in manufacturing methamphetamine has added to the progression of illicit drugs into the east side of Nassau County. Drug Unit operations both investigative and covert are ongoing and therefore funding for Drug Unit is necessary.

In 2016, Nassau County experienced an increase in drug arrests and fraud cases. The county had 22 forcible sex offenses, 22 of which were rape by force. Four (4) arrest were made regarding the forcible sex offenses. Also, there were 135 aggravated assault cases of which 70 were domestic violence related. Of the 310 simple assaults reported, 297 were domestic violence related (95.8% domestic related), with 9 threat/intimidation cases, and 4 simple stalking cases.

The Nassau County Sheriffs Office has a Meth Mitigation Plan in operation for the Agency.

The funding will be used to enhance the current equipment capabilities used by Narcotics Unit and the Special Response Team (SRT). These units focus on illegal narcotics and weapons trafficking into Nassau County. Not only intercept illegal narcotics, but to obtain intelligence to pass on to our federal partners in order to

Application for Funding Assistance

Section 2: Project Overview

prevent domestic terrorism.

The equipment will aid in the apprehension of suspects engaged in the narcotics trade. The purchase of a canine is to replace a current narcotic sniffing canine in need of retirement due to diminished capacity for detecting narcotics. The equipment and purchase of a new canine will enhance officer safety and aid in the detection of illegal narcotics.

If not approved, the result would be increase in illegal narcotics, trafficking of weapons, and increase in overdose deaths. An increase in narcotic traffic also leads to an increase in property crimes committed (i.e. burglary, thefts).

Currently the budget NCSO will not make allowances to purchase equipment in this application. The grant funding will provide the assistance necessary to ensure the Drug Eradication and Special Response Team are properly equipped.

For the period of October 1, 2016 through September 30, 2017 the K-9 team had 72 narcotic deployments, 15 human tracking deployments, and 94 training exercises. There were 9 state forfeiture cases filed and the estimated value of the assets seized under state cases for this time period was \$19,667.87. The Narcotics Unit was involved in 212 new investigations, and 165 investigations were closed during this period. 177 individuals were arrested based on narcotics unit activity during this time period with 280 grams of Methamphetamine classified as ice being taken off the street

Project Summary (Scope of Work)

The Nassau County Sheriffs Office serves as the law enforcement authority for unincorporated Nassau County, for the town of Hilliard and the town of Callahan.

This grant funding will be used to improve and enhance law enforcement in Nassau County by providing funding for the Drug Unit which includes the agency's K9 Unit and the Special Response Team. The Drug Unit is involved in criminal investigations, undercover narcotics investigations and marijuana eradication operations. The Drug Unit actively pursues marijuana cultivation cases by utilizing aerial flights in a dual role to eradicate outdoor growers of marijuana as well as for reconnaissance for domestic security for ports, channels and bridges in and along Nassau County. The Drug Unit works to intercept illicit narcotics, weapons and other items that enhance the abilities of suppliers of narcotics to dealers or terrorists and their subsequent apprehension. The Special Response Team in coordination with the Drug Unit serves drug-related search warrants and gathers intelligence and documentation related to domestic and international terrorist activity and the financing and/or furtherance of terrorism. The purchase of equipment for the Special Response Team is important for the effective implementation of the 16 member team and will further aid in homeland security and public safety. The K9 Team is comprised of 4 dogs, 4 handlers and one supervisor. As standard operation, training and deployment logs are maintained on each K9. The team is a valuable part of law enforcement operations and works in tandem with the Drug Unit.

Documentation of deliverables must be maintained by the subrecipient and/or implementing

agency and made available for monitoring. Example documentation for the purchase of items and services include, but are not limited to procurement records (including quotes, competitive solicitation/bids, etc.), purchase orders, packing slips, delivery/receivable documents, invoices and proof of payment, etc.

Deliverables will be completed in accordance with the contractual agreement(s) between the subrecipient(s) and their vendor/provider. Minimum performance required for drawdown of funds includes the completion of at least one activity described above as attested to on the financial expenditure report.

All activities discussed in the scope of work or project deliverables are for the property or buildings at this location.

For the period of October 1, 2016 through September 30, 2017 the K-9 team had 72 narcotic deployments, 15 human tracking deployments, and 94 training exercises. There were 9 state forfeiture cases filed and the estimated value of the assets seized under state cases for this time period was \$19,667.87. The Narcotics Unit was involved in 212 new investigations, and 165 investigations were closed during this period. 177 individuals were arrested based on narcotics unit activity during this time period with 280 grams of Methamphetamine classified as ice being taken off the street.

The anticipated outcome of this project is to see an increase in narcotics related arrests, and an increase in seizures of illegal narcotics and weapons.

The performance of this goal was monitored by supervisors with the narcotics unit chain of command. These supervisors tracked the number of arrests, seizures (guns, cars, narcotics) and the intelligence gained from each case. All of the aforementioned statistics were totaled and reviewed on a monthly basis.

Each narcotics detective and SRT deputy utilizes the equipment issued to them in their everyday performance of duty. The equipment greatly enhanced each officer's safety. These officers also have access to utilize the resource of having a canine trained in detection of narcotics.

DEFINITIONS

Disallowed costs means those charges to a Federal award that the Federal awarding agency or pass-through entity determines to be unallowable, in accordance with the applicable Federal statutes, regulations, or the terms and conditions of the Federal award.

Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000. See also §§200.12 Capital assets, 200.20 Computing devices, 200.48 General purpose equipment, 200.58 Information technology systems, 200.89 Special purpose equipment, and 200.94 Supplies.

Grant agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non-Federal entity that, consistent with 31 U.S.C. 6302, 6304, is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non-Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal awarding agency or pass-through entity's direct benefit or use; and is distinguished from a cooperative agreement in that it does not provide for substantial involvement between the Federal awarding agency or pass-through entity and the non-Federal entity in carrying out the activity contemplated by the Federal award.

Improper payment means any payment that should not have been made or that was made in an incorrect amount (including overpayments and underpayments) under statutory, contractual, administrative, or other legally applicable requirements and; Improper payment includes any payment to an ineligible party, any payment for an ineligible good or service, any duplicate payment, any payment for a good or service not received (except for such payments where authorized by law), any payment that does not account for credit for applicable discounts, and any payment where insufficient or lack of documentation prevents a reviewer from discerning whether a payment was proper.

Micro-purchase means a purchase of supplies or services using simplified acquisition procedures, the aggregate amount of which does not exceed the micro-purchase threshold. The non-Federal entity uses such procedures in order to expedite the completion of its lowest-dollar small purchase transactions and minimize the associated administrative burden and cost. The micro-purchase threshold is set by the Federal Acquisition Regulation

at 48 CFR Subpart 2.1 (Definitions). It is \$3,500 except as otherwise discussed in Subpart 2.1 of that regulation, but this threshold is periodically adjusted for inflation.

Modified Total Direct Cost (MTDC) means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$25,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of \$25,000. Other items may only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs.

Non-Federal entity is a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Non-federal pass-through entity is a non-Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program; the Florida Department of Law Enforcement (FDLE) is the non-federal pass-through entity for this agreement, also referred to as the State Administering Agency (SAA).

Period of performance means the time during which the non-Federal entity may incur new obligations to carry out the work authorized under the Federal award. The Federal awarding agency or pass-through entity must include start and end dates of the period of performance in the Federal award (see §§200.210 Information contained in a Federal award paragraph (a)(5) and 200.331 Requirements for pass-through entities, paragraph (a)(1)(iv)).

Protected Personally Identifiable Information (PII) means an individual's first name or first initial and last name in combination with any one or more of types of information, including, but not limited to social security numbers; passport numbers; credit card numbers; clearances; bank numbers; biometrics; date and place of birth; mother's maiden name; criminal, medical, and financial records; and educational transcripts. This does not include PII that is required by law to be disclosed. (See also § 200.79 Personally Identifiable Information (PII)).

Questioned cost means a cost that is questioned by the auditor because of an audit finding 1) that resulted from a violation or possible violation of a statute, regulation, or the terms and conditions of a Federal award, including for funds used to match Federal funds; 2) where the costs, at the time of the audit, are not supported by adequate documentation; or 3) where the costs incurred appear unreasonable and do

not reflect the actions a prudent person would take in the circumstances.

Simplified acquisition threshold means the dollar amount below which a non-Federal entity may purchase property or services using small purchase methods. Non-Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 C.F.R. Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. § 1908. As of the publication of this part, the simplified acquisition threshold is \$150,000, but this threshold is periodically adjusted for inflation. (Also see definition of Micro-purchase, 2 C.F.R. § 200.67)

Subaward is an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient means a non-Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

Supplies means all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the non-Federal entity for financial statement purposes or \$5,000, regardless of the length of its useful life. See also §§200.20 Computing devices and 200.33 Equipment.

SECTION I: TERMS AND CONDITIONS

the expected start date.

If a project is not operational within 90 days of the original start date of the award period, the subrecipient must submit a second statement to the Department explaining the implementation delay.

Upon receipt of the ninety (90) day letter, the Department shall determine if the reason for delay is justified or shall, at its discretion, unilaterally terminate this agreement and re-obligate subaward funds to other Department approved projects. The Department, where warranted by extenuating circumstances, may extend the starting date of the project past the ninety (90) day period, but only by formal written adjustment to this agreement.

3.0 Supplanting - The subrecipient agrees that funds received under this award will not be used to supplant state or local funds, but will be used to increase the amounts of such funds that would, in the absence of federal funds, be made available for law enforcement activities.

Section 1324a(e), Section 274A(e) of the Immigration and Nationality Act ("INA"). The Department shall consider the employment by any contractor of unauthorized aliens a violation of Section 274A(e) of the INA. Application Manager, or Performance Contacts shall submit Monthly or Quarterly Project Performance Reports to the Department, within fifteen (15) days after the end of the reporting period. In addition, if the subaward period is extended beyond the "original" project period, additional Project Performance Reports shall be submitted.

Failure to Submit - Performance Reports that are not complete, accurate, and timely may result in sanctions, as specified in Section IV, Subaward Management and Reporting Requirements.

Report Contents - Performance Reports must include a response to all objectives included in your subaward. A detailed response is required in the narrative portion for yes/no performance objectives. Submitted performance reports must clearly articulate, where appropriate, performance during the execution of the award has met a standard against which the subrecipient's performance can be measured. The narrative must also reflect on accomplishments for the period and identify problems with project implementation and address actions being taken to resolve the problems. Additional information may be required if necessary to comply with federal reporting requirements.

Requirement for Data on Performance and Effectiveness Under the Award - The subrecipient must collect and maintain data that measures the performance and effectiveness of work under this award. The data must be provided to OCJG in the manner (including within the timeframes) specified by OCJG. Financial consequences may include but are not limited to withholding payments or reimbursement until the deficiency is resolved, tendering only partial payment/reimbursement, imposition of other financial consequences according to the Standard Conditions as applicable, and/or termination of contract and requisition of goods or

services from an alternate source. Any payment made in reliance on subrecipient's evidence of performance, which evidence is subsequently determined to be erroneous, will be immediately due to the Department as an overpayment.

Adjustments are also required when there will be a transfer of 10% or more of the total budget between budget categories, or there is an indirect cost rate category change.

Subrecipients may transfer up to 10% of the total budget between current, approved budget categories without prior approval as long as the funds are transferred to an existing line item.

Under no circumstances can transfers of funds increase the total budgeted award.

Requests for changes to the subaward agreement must be electronically signed by the subrecipient or implementing agency's chief official or the chief official's designee.

All requests for changes must be submitted in SIMON no later than ninety (90) days prior to grant expiration date.

6.0 Financial Expenditures and Reporting

Reporting Requirements - The subrecipient shall have a choice of submitting either a Monthly or a Quarterly Project Expenditure Report to the Department. Project Expenditure Reports are due thirty (30) days after the end of the reporting period. In addition, if the subaward period is extended, additional Project Expenditure Reports shall be submitted.

All Project Expenditure Reports shall be submitted in sufficient detail for proper pre-audit and post-audit.

All reports must relate financial data to performance accomplishments.

Before the "final" Project Expenditure Report will be processed, the subrecipient must submit to the Department all outstanding project reports and must have satisfied all special conditions. Failure to comply with the above provisions shall result in forfeiture of reimbursement.

Reports are to be submitted even when no reimbursement is being requested.

Submission - The report must be electronically signed by the subrecipient or implementing agency's Chief Financial Officer or the Chief Financial Officer designee.

- 7.0 Project Generated Income (PGI)** - All income generated as a direct result of a sub project shall be deemed program income. Program income from asset seizures and forfeitures is considered earned when the property has been adjudicated to the benefit of the plaintiff (i.e., law enforcement entity).

Required Reports - The subrecipient shall submit Quarterly PGI Earnings and Expenditures Reports to the Department within thirty (30) days after the end of the reporting period covering subaward project generated income and expenditures during the previous quarter. If any PGI remains unspent after the subaward ends, the subrecipient must continue submitting quarterly PGI reports until all funds are expended.

PGI Expenditure - Program income should be used as earned and expended as soon as possible and used to further the objects in which the award was made. Any unexpended PGI remaining at the end of the federal grant period must be submitted to OCJG for transmittal to the Bureau of Justice Assistance.

Submission - PGI Earnings and Expenditures reports must be electronically signed by the subrecipient or implementing agency's chief financial officer or the chief financial officer's designee.

- 8.0 Subrecipient Integrity and Performance Matters** - Requirement to report information on certain civil, criminal, and administrative proceedings to OCJG, SAM and FAPIIS.

The subrecipient must comply with any and all applicable requirements regarding reporting of information on civil, criminal, and administrative proceedings connected with (or connected to the performance of) either this award or any other grant, cooperative agreement, or procurement contract from the federal government. Under certain circumstances, subrecipients of OJP awards are required to report information about

such proceedings, through the federal System for Award Management ("SAM"), to the designated federal integrity and performance system ("FAPIIS").

SECTION V: MONITORING AND AUDITS

- 1.0 Access to Records** - The Florida Department of Law Enforcement, the Auditor General of the State of Florida, the U.S. Department of Justice, the U.S. Comptroller General or any of their duly authorized representatives, shall have access to books, documents, papers and records of the subrecipient, implementing agency and contractors for the purpose of audit and examination according to the Financial Guide and the 28 C.F.R. § 66. At any time, a representative of the Department, the U.S. Department of Justice, or the Auditor General of the State of Florida, have the right to visit the project site to monitor, inspect and assess work performed under this agreement.

The Department reserves the right to unilaterally terminate this agreement if the subrecipient, implementing agency, or contractor refuses to allow public access to all documents, papers, letters, or other materials subject to provisions of s. 119, F.S., unless specifically exempted and/or made confidential by operation of s. 119, F.S., and made or received by the subrecipient or its contractor in conjunction with this agreement.

The subrecipient will give the awarding agency or the General Accounting Office, through any authorized representative, access to and the right to examine all paper or electronic records related to the financial assistance.

- 2.0 Monitoring** - The recipient agrees to comply with FDLE's grant monitoring guidelines, protocols, and procedures; and to cooperate with FDLE on all grant monitoring requests, including requests related to desk reviews, enhanced programmatic desk reviews, and/or site visits. The recipient agrees to provide FDLE all documentation necessary to complete monitoring of the award. Further, the recipient agrees to abide by reasonable deadlines set by FDLE for providing requested documents. Failure to cooperate with grant monitoring activities may result in sanctions affecting the recipient's award, including, but not limited to: withholding and/or other restrictions on the recipient's access to funds, referral to the Office of the Inspector General for audit review, designation of the recipient as a FDLE High Risk grantee, or termination of award(s).

- 3.0 Property Management** - The subrecipient shall establish and administer a system to protect,

preserve, use, maintain and dispose of any property furnished to it by the Department or purchased pursuant to this agreement according to federal property management standards set forth in the DOJ Grants Financial Guide, and 28 C.F.R. § 66. This obligation continues as long as the subrecipient retains the property, notwithstanding expiration of this agreement.

Property Use - The subrecipient must use equipment acquired under a Federal award for the authorized purposes of the project during the period of performance, or until the property is no longer needed. Subrecipients must use, manage and dispose of equipment acquired under a Federal award in accordance with ss. 274, F.S. Tangible Property and 200.313, F.S., Equipment.

4.0 Subaward Closeout - A Financial Closeout Audit shall be submitted to the Department within forty-five (45) days of the end date of the performance period.

The Financial Closeout Audit report located in SIMON must be electronically signed by the subrecipient or implementing agency's Chief Financial Officer or the Chief Financial Officer designee.

Subaward Closeout will be initiated by the Department after the Financial Closeout has been completed and approved. Failure to submit closeout reports timely will result in an Administrative Closeout by the Department.

5.0 High Risk Subrecipients - If a subrecipient is designated "high risk" by a federal grant-making agency, currently or at any time during the course of the period of performance under this award, the subrecipient must disclose that fact and certain related information to FDLE's OCJG. For purposes of this disclosure, high risk includes any status under which a federal awarding agency provides additional oversight due to the subrecipient's past performance, or other programmatic or financial concerns with the subrecipient. The subrecipient's disclosure must include the following: 1. The federal awarding agency that currently designates the subrecipient high risk, 2. The date the subrecipient was designated high risk, 3. The high-risk point of contact at that federal awarding agency (name, phone number, and email address), and 4. The reasons for the high-risk status, as set out by the federal awarding agency.

6.0 Imposition of Additional Requirements - The subrecipient agrees to comply with any additional requirements that may be imposed by OCJG during the period of performance for this award, if the subrecipient is designated as "high risk" for purposes of the DOJ high-risk grantee list.

7.0 Retention of Records - The subrecipient shall maintain all records and documents for a minimum of five (5) years from the date of the final financial statement and be available for audit and public disclosure upon request of duly authorized persons. The subrecipient shall comply with State of Florida General Records Schedule GS1-SL for State and Local Government Agencies:
<http://dos.myflorida.com/media/693574/general-records-schedulegs01-sl.pdf>.

8.0 Disputes and Appeals - The Department shall make its decision in writing when responding to any disputes, disagreements, or questions of fact arising under this agreement and shall distribute its response to all concerned parties. The subrecipient shall proceed diligently with the performance of this agreement according to the Department's decision. If the subrecipient appeals the Department's decision, the appeal also shall be made in writing within twenty-one (21) calendar days to the Department's clerk (agency clerk). The subrecipient's right to appeal the Department's decision is contained in § 120, F.S., and in procedures set forth in Rule 28-106.104, Florida Administrative Code. Failure to appeal within this time frame constitutes a waiver of proceedings under Chapter 120, F.S.

9.0 Failure to Address Audit Issues - The subrecipient understands and agrees that FDLE's OCJG may withhold award funds, or may impose award conditions or other related requirements, if (as determined by OCJG) the subrecipient does not satisfactorily and promptly address outstanding issues from audits required by the 2 C.F.R. § 200 Uniform Requirements (or by the terms of this award), or other outstanding issues that arise in connection with audits, investigations, or reviews.

10.0 Single Annual Audit - Subrecipients that expend \$750,000 or more in a year in federal awards shall have a single audit or program-specific audit conducted for that year. The audit shall be performed in accordance with the OMB 2 C.F.R. § 200 Subpart F – Audit Requirements and other applicable federal law. The contract for this agreement shall be identified in the Schedule of Federal Financial Assistance in the subject audit. The contract shall be identified as federal funds passed through the Florida Department of Law Enforcement and include the contract number, CFDA number, award amount, contract period, funds received and disbursed. When applicable, the subrecipient shall submit an annual financial audit that meets the requirements of 2 C.F.R. § 200 Subpart F, "Audit Requirements" s. 215.97, F.S., "Florida Single Audit Act" and Rules of the Auditor General, Chapter 10.550, and Chapter

10.650, "Local Governmental Entity Audits" and "Florida Single Audit Act Audits Nonprofit and For-Profit Organizations."

A complete audit report that covers any portion of the effective dates of this agreement must be performed and submitted to the Federal Audit Clearinghouse within the earlier of thirty (30) calendar days after receipt of the auditor's report(s), or nine (9) months after the end of the audit period. Submissions must include required elements described in Appendix X to 2 C.F.R. § 200 on the specified Data Collection Form (Form SF-SAC).

Records shall be made available upon request for a period of five (5) years from the date the audit report is issued, unless extended in writing by the Department.

Subrecipients that expend less than \$750,000 in federal awards during a fiscal year are exempt from the Single Audit Act audit requirements for that fiscal year. In this case, written notification, in the form of the "Certification of Audit Exemption" form, shall be provided to the Department by the Chief Financial Officer, or designee, that the subrecipient is exempt. This notice shall be provided to the Department no later than March 1 following the end of the fiscal year.

SECTION VI: SUBAWARD PROCUREMENT AND COST PRINCIPLES

- 1.0 Procurement Procedures** - Subrecipients must have written procedures for procurement transactions. Procedures must conform to applicable Federal law and the standards in 2 C.F.R. §§ 200.318-326.

This condition applies to agreements that OCJG considers to be a procurement "contract", and not a second tier subaward.

The details of the advance approval requirement to use a noncompetitive approach in a procurement contract under this award are posed on the OJP website at <https://ojp.gov/funding/Explore/NoncompetitiveProcurement.htm>.

Additional information on Federal purchasing guidelines can be found in the Guide to Procurements Under DOJ Grants and Cooperative agreements at <https://ojp.gov/funding/Implement/Resources/GuideToProcurementProcedures.pdf>.

- 2.0 Cost Analysis** - A cost analysis must be performed by the subrecipient if the cost or price

is at or above the \$35,000 acquisition threshold and the contract was awarded non-competitively in accordance with s. 216.3475, F.S. The subrecipient must maintain records to support the cost analysis, which includes a detailed budget, documented review of individual cost elements for allowability, reasonableness, and necessity. See also Chief Financial Officer Memorandum No. 02 (2012-2013).

- 3.0 Allowable Costs** - Allowance for costs incurred under the subaward shall be determined according to the general principles and standards for selected cost items set forth in the DOJ Grants Financial Guide, 28 C.F.R. § 66, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments", and 2 C.F.R. § 200.405(e), "Cost Principles".

- 4.0 Unallowable Costs** - Payments made for costs determined to be unallowable by either the Federal awarding agency, or the Department, either as direct or indirect costs, must be refunded (including interest) to FDLE and the Federal Government in accordance with instructions that determined the costs are unallowable unless state or Federal statute or regulation directs otherwise. See also 2 C.F.R. §§ 200.300-309.

- 5.0 Indirect Cost Rate** - A subrecipient that is eligible to use the "de minimis" indirect cost rate described in 2 C.F.R. § 200.414(f), and elects to do so, must advise OCJG in writing of both its eligibility and its election, and must comply with all associated requirements in the 2 C.F.R. § 200 and Appendix VII.

- 6.0 Sole Source** - If the project requires a non-competitive purchase from a sole source, the subrecipient must complete the Sole Source Justification for Services and Equipment Form and submit to OCJG upon application for pre-approval. If the subrecipient is a state agency and the cost meets or exceeds \$150,000, the subrecipient must also receive approval from the Department of Management Services (DMS) (s. 287.057(5), F.S.). The Sole Source form must be signed by the subrecipient or implementing agency chief official or chief official designee. Additional details on the sole source requirement can be found at 2 C.F.R. § 200 and the DOJ Grants Financial Guide.

- 7.0 Personal Services** - Subrecipients may use grant funds for eligible personal services including salaries, wages, and fringe benefits, including overtime in accordance with the DOJ Grants Financial Guide Section 3.9 - Compensation for Personal Services, consistent with the principles set out in 2 C.F.R. § 200, Subpart E and those permitted in the federal

program's authorizing legislation. Subrecipient employees should be compensated with overtime payments for work performed in excess of the established work week and in accordance with the subrecipient's written compensation and pay plan.

Documentation - Charges for salaries, wages, and fringe benefits must be supported by a system of internal controls providing reasonable assurance that charges are accurate, allowable, and properly allocated. Documentation supporting charges must be incorporated into the official records of the organization.

Charges made to the Personnel Budget Category must reasonably reflect the total time and activity for which the employee is compensated by the organization and cover both federally funded and all other activities. The records may include the use of subsidiary records as defined in the organization's written policies. Where grant subrecipients work on multiple grant programs or cost activities, documentation must support a reasonable allocation or distribution of costs among specific activities or cost objectives.

- 8.0 Contractual Services** - The subrecipient must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts as described in 2 C.F.R. § 200.318, General procurement.

Requirements for Contractors of Subrecipients - The subrecipient assures the compliance of all contractors with the applicable provisions of Title I of the Omnibus Crime Control and Safe Streets Act of 1968, as amended 42 U.S.C. § 3711 et seq.; the provisions of the current edition of the DOJ Grants Financial Guide (https://ojp.gov/financialguide/doj/pdfs/DOJ_FinancialGuide.pdf); and all other applicable federal and state laws, orders, circulars, or regulations. The subrecipient must pass-through all requirements and conditions applicable to the federal grant award/subaward to any subcontract. The term "contractor" is used rather than the term "vendor" and means an entity that receives a contract as defined in 2 C.F.R. § 200.22, the nature of the contractual relationship determines the type of agreement.

Approval of Consultant Contracts Compensation for individual consultant services must be reasonable and consistent with that paid for similar services in the marketplace. The Federal awarding agency and pass-through entity must review and approve in writing all consultant contracts prior to employment of a consultant when the individual compensation rate exceeds \$650 (excluding travel and subsistence costs) per

eight-hour day, or \$81.25 per hour. A detailed justification must be submitted to and approved by FDLE, who will coordinate written approval of the Federal awarding agency, prior to subrecipient obligation or expenditures of such funds. Approval shall be based upon the contract's compliance with requirements found in the Financial Guide Section 3.6 Consultant Rates, 28 C.F.R. § 66, and applicable state statutes. The Department's approval of the subrecipient agreement does not constitute approval of individual consultant contracts or rates. If consultants are hired through a competitive bidding process (not sole source), the \$650 threshold does not apply.

FFATA Reporting Requirements - Subrecipients that enter into subawards of \$25,000 or more should review the Federal Funding Accountability and Transparency Act of 2006 (FFATA), website for additional reporting requirements at <https://ojp.gov/funding/Explore/FFATA.htm>

- 9.0 Travel and Training** - The cost of all travel shall be reimbursed according to the subrecipient's written travel policy. If the subrecipient does not have a written travel policy, cost of all travel will be reimbursed according to State of Florida Travel Guidelines § 112.061, F.S. Any foreign travel must obtain prior written approval from the Federal awarding agency and pass-through entity.

- 10.0 Expenses Related to Conferences, Meetings, Trainings, and Other Events** - Subgrant funds requested for meetings, retreats, seminars, symposia, events, and group training activities and related expenses must receive written pre-approval from the Federal awarding agency and pass-through entity and comply with all provisions in 2 C.F.R. § 200.432 and DOJ Grants Financial Guide Section 3.10; Conference Approval, Planning, and Reporting. Subgrant applications requesting approval for meeting, training, conference, or other event costs must include a completed Conference & Events Submission Form for approval prior to obligating subgrant funds for these purposes.

- 11.0 Training and Training Materials** - Any training or training materials that has been developed or delivered with grant funding under this award must adhere to the OJP Training Guiding Principles for Grantees and Subgrantees, available at www.ojp.gov/funding/ojptrainingguidingprinciples.htm.

- 12.0 Publications, Media and Patents Ownership of Data and Creative Material** - Ownership of material, discoveries, inventions, and results developed, produced, or discovered subordinate

to this agreement is governed by the terms of the DOJ Grants Financial Guide, 28 C.F.R. §§ 66, and 200.315.

Publication or Printing of Materials -

Publication costs for electronic and print media, including distribution, promotion, and general handling are allowable. If these costs are not identifiable with a particular direct cost objective, it should be allocated as indirect costs. Publication includes writing, editing, and preparing the illustrated material (including videos and electronic mediums).

Subrecipients must request pre-approval in writing for page charges for professional journal publications. All publication materials must comply with provisions in 2 C.F.R. § 200.461 and DOJ Grants Financial Guide, Section 3.9; Allowable Costs – Publication.

Subrecipients must submit for review and approval one (1) copy of any curricula, training materials, or any other written materials to be published, including web-based materials and website content, to be paid under this award at least thirty (30) days prior to the targeted dissemination date.

All electronic and print materials paid under this award must contain the following statements identifying the federal award:

- 1) "This project was supported by Grant No. 2017-MU-BX-0187 awarded by the Bureau of Justice Assistance. The Bureau of Justice Assistance is a component of the Department of Justice's Office of Justice Programs, which also includes the Bureau of Justice Statistics, the National Institute of Justice, the Office of Juvenile Justice and Delinquency Prevention, the Office for Victims of Crime, and the SMART Office. Points of view or opinions in this document are those of the author and do not necessarily represent the official position or policies of the U.S. Department of Justice."

Any website that funded in whole or in part under this award must include the same statement on the home page, on all major entry pages (i.e., pages (exclusive of documents) whose primary purpose is to navigate the user to interior content), and on any pages from which a visitor may access or use a web-based service, including any pages that provide results or outputs from the service.

Patents - Subrecipients are subject to applicable regulations governing patents and inventions, including government wide regulations issued by the Department of Commerce (27 C.F.R. § 401 and 2 C.F.R. § 200.315(c)).

Subrecipients must promptly and fully report to FDLE and the Federal awarding agency if any program produces patentable items, patent rights, processes, or inventions, in the course of work sponsored under this award.

13.0 Information Technology Projects

Criminal Intelligence Systems - The subrecipient agrees that any information technology system funded or supported by the Office of Justice Programs funds will comply with 28 C.F.R. § 23, Criminal Intelligence Systems Operating Policies, if the Office of Justice Programs determines this regulation to be applicable. Should the Office of Justice Programs determine 28 C.F.R. § 23 to be applicable, the Office of Justice Programs may, at its discretion, perform audits of the system, as per 28 C.F.R. § 23.20(g). Should any violation of 28 C.F.R. § 23 occur, the subrecipient may be fined as per 42 U.S.C. § 3789g(c)-(d). The subrecipient may not satisfy such a fine with federal funds.

The subrecipient understands and agrees that no awarded funds may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography. In doing so the subrecipient agrees that these restrictions will not limit the use of awarded funds necessary for any federal, state, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecutions, or adjudication activities.

State IT Point of Contact - The subrecipient must ensure that the State IT Point of Contact receives written notification regarding any information technology project funded by this grant during the obligation and expenditures period. This is to facilitate communication among local and state governmental entities regarding various information technology projects being conducted with these grant funds. In addition, the subrecipient must maintain an administrative file documenting the meeting of this requirement. For a list of State IT Points of Contact, go to <https://it.ojp.gov/technology-contacts>.

The State IT Point of Contact will ensure the subrecipient's project follows a statewide comprehensive strategy for information sharing systems that improve the functioning of the criminal justice system, with an emphasis on integration of all criminal justice components, law enforcement, courts, prosecution, corrections, and probation and parole.

Interstate Connectivity - To avoid duplicating existing networks or IT systems in any initiatives funded by the Bureau of Justice Assistance for

law enforcement information sharing systems which involve interstate connectivity between jurisdictions, such systems shall employ, to the extent possible, existing networks as the communication backbone to achieve interstate connectivity, unless the subrecipient can demonstrate to the satisfaction of the Bureau of Justice Assistance that this requirement would not be cost effective or would impair the functionality of an existing or proposed IT system.

ADP Justification - The subrecipient must complete an Automated Data Processing (ADP) equipment and Software and Criminal Justice Information and Communication Systems Request for Approval form if the purchase of any ADP equipment is to be made. This form must be submitted upon application if applicable and pre-approval must be obtained. ADP Justification must be signed by the subrecipient or implementing agency chief official or an individual with formal, written signature authority for the chief official.

14.0 Interoperable Communications Guidance -

Subrecipients using funds to support emergency communications activities must comply with the current SAFECOM Guidance for Emergency Communication Grants, including provisions on technical standards that ensure and enhance interoperable communications. Emergency communications activities include the purchase of Interoperable Communications Equipment and technologies such as voice-over-internet protocol bridging or gateway devices, or equipment to support the build out of wireless broadband networks in the 700 MHz public safety band under the Federal Communications Commission (FCC) Waiver Order. SAFECOM guidance can be found at www.safecomprogram.gov/library/lists/library/DispForm.aspx?ID=334.

Subrecipients interested in developing a public safety broadband network in the 700 MHz band in their jurisdictions must adhere to the technical standards set forth in the FCC Waiver Order, or any succeeding FCC orders, rules, or regulations pertaining to broadband operations in the 700 MHz public safety band. The subrecipient shall also ensure projects support the Statewide Communication Interoperability Plan (SCIP) and are fully coordinated with the full-time Statewide Interoperability Coordinator (SWIC). If any future regulatory requirement (from the FCC or other governmental entity) results in a material technical or financial change in the project, the subrecipient should submit associated documentation, and other material, as applicable, for review by the SWIC to ensure coordination. Subrecipients must provide a listing of all communications equipment purchased with grant

award funding (plus the quantity purchased of each item) to FDLE once items are procured during any periodic programmatic progress reports.

15.0 Global Standards Package - In order to promote information sharing and enable interoperability among disparate systems across the justice and public safety community, OJP requires the grantee to comply with DOJ's Global Justice Information Sharing Initiative (DOJ's Global) guidelines and recommendations for this particular grant. Grantee shall conform to the Global Standards Package (GSP) and all constituent elements, where applicable, as described at www.it.ojp.gov/gsp_grantcondition. Grantee shall document planned approaches to information sharing and describe compliance to the GSP and appropriate privacy policy that protects shared information, or provide detailed justification for why an alternative approach is recommended.

SECTION VII: COMPLIANCE WITH 8 U.S.C. § 1373

1.0 In regards to the program or activity funded under this subaward and throughout the period of performance for this award, no state or local government entity, agency or official may prohibit or in any way restrict:

For the purposes of this subaward, any prohibition (or restriction) that violates this condition is an "information-communication restriction."

2.0 A subaward to a state or local government or a public institution of higher education, cannot be made unless a properly executed certification of compliance with 8 U.S.C. 1373, signed by the chief legal officer of the subrecipient entity has been received by OCJG. Similarly, subrecipients cannot make a further subaward to a state or local government or a public institution of higher education, unless it first obtains a properly executed certification of compliance with 8 U.S.C. 1373 signed by the chief legal officer of the third tier subrecipient.

3.0 Funding under this award cannot be subawarded to any subrecipient at any tier that is either a state or unit of local government or a public institution of higher education that is subject to any "information-communication restriction."

4.0 Subrecipients must notify FDLE (in writing) if it has credible evidence that indicates that a funded program or activity of a subrecipient at any tier that is either a state or local government or a public institution of higher education, may be subject to any "information-communication restriction."

5.0 For **STATE AGENCIES**: With respect to the program or activity that is funded by this subaward, as of the date the subrecipient accepts this subaward, and throughout the remainder of the period of performance for the award-

i. A state statute or a state rule, regulation, policy or practice must be in place that is designed to ensure that agents of the United States acting under color of federal law are given access to any state (or state contracted) correctional facility for the purpose of permitting such agents to meet with individuals who are (or are believed by such agents to be) aliens and to inquire as to such individuals' right to be or remain in the United States.

ii. A state statute, or a state rule, regulation, policy or practice must be in place that is designed to ensure that, when a state (or state contracted) correctional facility receives a formal written request authorized by the Immigration and Nationality Act from DHS that seeks advance notice of the scheduled release date and time for a particular alien, they will honor the request and as early as practicable, provide the request notice to DHS.

6.0 For units of **LOCAL GOVERNMENT**: With respect to the program or activity that is funded by this subaward, as of the date the subrecipient accepts this subaward, and throughout the remainder of the period of performance for the award-

i. A local ordinance, rule, regulation, policy or practice (or an applicable state statute, rule, regulation policy or practice) must be in place that is designed to ensure that agents of the United States acting under color of federal law are given access to any state (or state contracted) correctional facility for the purpose of permitting such agents to meet with individuals who are (or are believed by such agents to be) aliens and to inquire as to such individuals' right to be or remain in the United States.

ii. A local ordinance, rule, regulation, policy or practice (or an applicable state statute, rule, regulation policy or practice) must be in place that is designed to ensure that, when a local government (or local government contracted) correctional facility receives a formal written request authorized by the Immigration and Nationality Act from DHS that seeks advance notice of the scheduled release date and time for a particular alien, they will honor the request and as early as practicable, provide the request notice to DHS.

7.0 Monitoring of compliance with the requirements of this condition will be conducted by FDLE.

8.0 Nothing in this condition shall be understood to authorize any subrecipient at any tier to violate any federal law, including any applicable civil rights or nondiscrimination law.

IMPORTANT NOTE: Any questions about the meaning or scope of this condition should be directed to FDLE prior to award acceptance.

SECTION VIII: ADDITIONAL REQUIREMENTS

1.0 Environmental Protection Agency's (EPA) list of Violating Facilities - The subrecipient assures that the facilities under its ownership, lease or supervision which shall be utilized in the accomplishment of the Program Purpose are not listed on the EPA's list of Violating Facilities and that it will notify the Department of the receipt of any communication from the Director of the EPA Office of Federal Activities indicating that a facility to be used in the project is under consideration for listing by the EPA.

2.0 National Environmental Policy Act (NEPA)

The subrecipient agrees to assist FDLE in complying with the NEPA, the National Historic Preservation Act, and other related federal environmental impact analyses requirements in the use of subaward funds by the subrecipient. This applies to the following new activities whether or not they are being specifically funded with these subaward funds. That is, it applies as long as the activity is being conducted by the subrecipient or any third party and the activity needs to be undertaken in order to use these subaward funds. Accordingly, the subrecipient agrees to first determine if any of the following activities will be funded by the grant, prior to obligating funds for any of these purposes.

If it is determined that any of the following activities will be funded by the grant, the recipient agrees to contact FDLE OCJG.

- 1) New construction;
- 2) Any renovation or remodeling of a property located in an environmentally or historically sensitive area, including properties located within a 100-year flood plain; a wetland, or habitat for endangered species, or a property listed on or eligible for listing on the National Register of Historic Places;

The subrecipient understands and agrees that complying with NEPA may require the preparation of an Environmental Assessment and/or an Environmental Impact Statement, as directed by the Bureau of Justice Assistance. The subrecipient further understands and agrees to the requirements for implementation of a Mitigation Plan, as detailed by the Department of Justice at <https://www.bja.gov/Funding/nepa.html>, for programs relating to methamphetamine laboratory operations.

- 3.0 **National Historic Preservation Act** – The Act will assist the Department (if necessary) in assuring compliance with section 106 of the National Historic Preservation Act of 1966 (16 U.S.C. § 470), Ex. Order 11593 (identification and protection of historic properties), the Archeological and Historical Preservation Act of 1974 (16 U.S.C. § 469 a-1 et seq.), and the National Environmental Policy Act of 1969 (42 U.S.C. § 4321).
- 4.0 **Human Research Subjects** - Subrecipient agrees to comply with the requirements of 28 C.F.R. part 46 and all Office of Justice Programs policies and procedures regarding the protection

of human research subjects, including obtainment of Institutional Review Board approval, if appropriate, and subject informed consent.

5.0 Disclosures

Conflict of Interest - The subrecipient and implementing agency will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain. Subrecipients must disclose in writing any potential conflict of interest to FDLE (the non-federal pass-through entity).

Violations of Criminal Law - The subrecipient and implementing agency must disclose all violations of state or federal criminal law involving fraud, bribery or gratuity violations potentially affecting the sub award.

- 6.0 **Uniform Relocation Assistance and Real Property Acquisitions Act** - The subgrant recipient will comply with the requirements of the Uniform Relocation Assistance and Real Property Acquisitions Act of 1970 (42 U.S.C. § 4601 et seq.), which govern the treatment of persons displaced as a result of federal and federally-assisted programs.

- 7.0 **Limitations on Government Employees Financed by Federal Assistance** - The subrecipient will comply with requirements of 5 U.S.C. §§ 1501-08 and §§ 7324-28, which limit certain political activities of State or local government employees whose principal employment is in connection with an activity financed in whole or in part by federal assistance.

- 8.0 **Funds to Association of Community Organizations for Reform Now (ACORN) Unallowable** - Subrecipient understands and agrees that it cannot use any federal funds, either directly or indirectly, in support of any contract or subaward to either the Association of Community Organizations for Reform Now (ACORN) or its subsidiaries, without the express prior written approval of OJP.
