

Grayson,
Historically, GBHS has been the low bidder almost every time that we have requested quotes. We have had no issues with there work performance. I have no problems with recommending awarding the bid to them.

Good afternoon David,

Have you had a chance to review my reply below? Just want to see which way you guys are leaning. Thank you.

David,

After looking back over the proposal, the bid documents, and this tabulation there really is no reason to ask for clarification as they cannot change their pricing anyways....once the bids are opened their pricing is final. While some of the pricing for them is way off, it's far from a "one-time" blatant error. I would advise maybe looking at the other three bidders a little harder, but if you believe that GBHS is best, I will take your recommendation.

David,

I will get GBHS to clarify that the pricing is indeed accurate and let you know. I am extremely suspect of their pricing myself and it looks pretty thrown together. Please do not contact them for any reason until I have received confirmation. Thank you.

It would be my recommendation to award to GBHS as they are the lowest bidder on over half of the items. Also, we have a successful history with them and have been satisfied with their previous work. There is only one concern for me, there bid on Item 536-83-3 and 536-85-27 seem significantly out of the range of all the other bidders. Can we get them to clarify that that was the bids they intended to write down?

Good Morning,

Please find attached a copy of the *Bid Tabulation* for the above-referenced bid. Please review the *Bid Tabulation* and provide your recommendation for award.

Also, if you can provide me with an idea as to when you would like to have this matter brought before the BOCC, I will begin drafting the contract.

Please let me know if you have any questions.

Thank you.
