SUMMARY OF REQUEST AND BACKGROUND INFORMATION

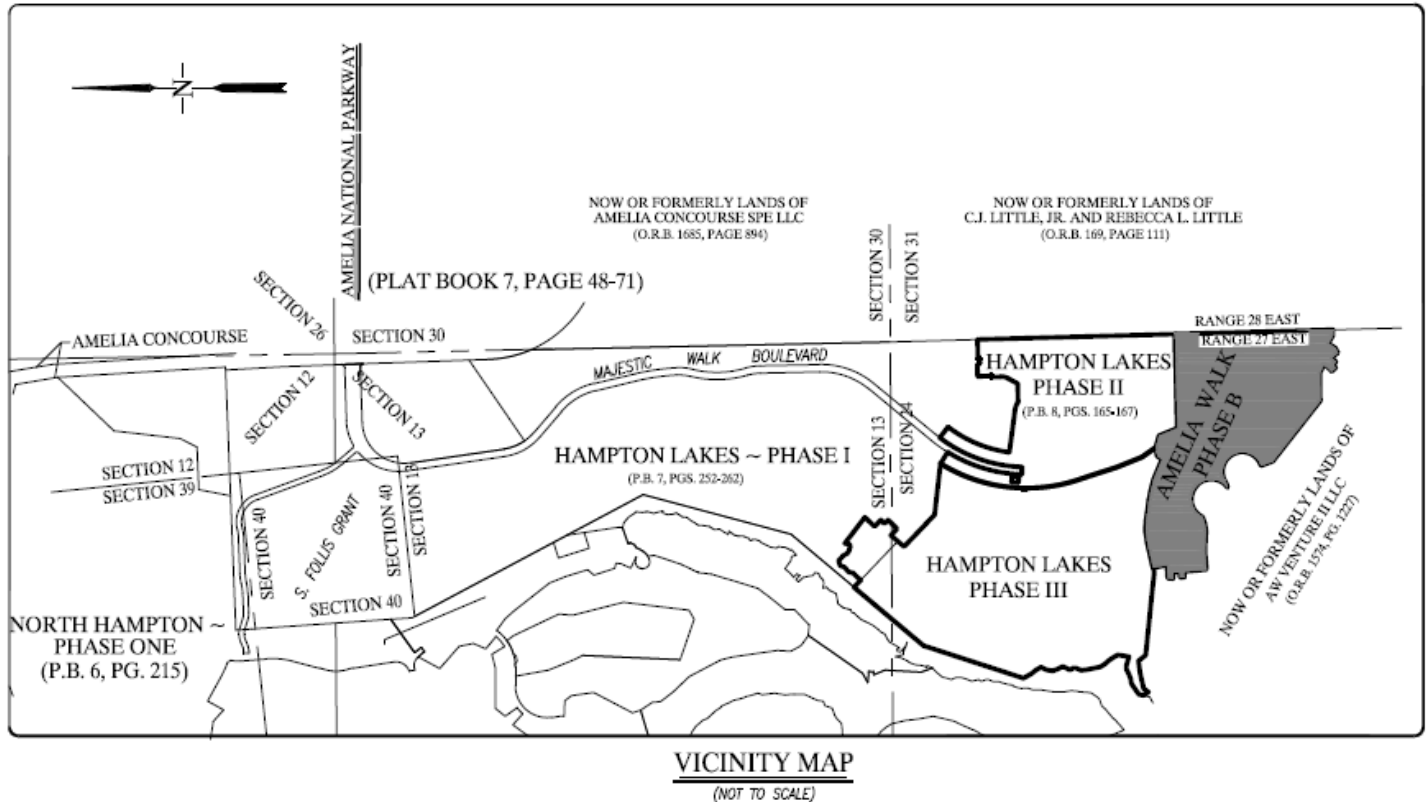

The Hampton Lakes PUD was established via Ordinance 2004-09 and more recently amended by Ordinance 2013-19. The PUD allowed for a phased development plan consisting of distinct Villages on 673 acres of formerly Open Rural land southeast of Amelia Concourse. The PUD allowed for the development of no more than 749 dwelling units to be comprised of single family detached homes.

Six acres of park land have been provided in Village One. The facilities provided include a swimming pool, community center, children's playground, two tennis courts, and an open play field.

For Phase IV-B the applicant seeks to subdivide approximately 86 acres into 87 lots of approximately 7,150 to 12,490 square feet. Landscape buffers, sidewalks and street lighting are included in the amenities.

The preliminary plat was approved by the Development Review Committee on October 1, 2019. The companion site engineering plan, SP18-012 was approved on August 28th, 2018.
