SUBJECT: RESERVATION NOTIFICATION

Dear Mr. Pope:

Pursuant to Section 9 of the Amended Interlocal Agreement for Public School Facility Planning, any developer submitting a development permit application with a residential component that is not exempt under Section 9.13 of the same agreement, is subject to school concurrency and must prepare and submit a School Impact Analysis to the local government, as applicable, for review by the School Board. The local government shall initiate the review by determining that the application is sufficient for processing. Upon determination of application sufficiency, the local government shall transmit the School Impact Analysis to the School Board representative for review.

Subsequent to the School Board review and notification to applicant, such concurrency reservation remains valid for a period of two years or until such time as the permitting documents remain valid. During this two year period, the applicant may obtain construction plan approval or a building permit, as applicable, for horizontal or vertical construction. Expiration, extension or modification of a residential development shall require a new review for adequate school capacity to be performed by the School Board.
