RE: Vehicle Disposition

Dear Nassau County BOCC,

It is in our interest to dispose of two Rescue units from our inventory. BOCC# 6605, a 2011 Ford F350 has been in service since July 1, 2010, and BOCC# 6970, a 2013 Freightliner has been in service since July 27, 2012. Both vehicles have exceeded 200,000 miles and have far exceeded their life expectancy within our department. Both Rescue units are in poor condition and are in great need of repair and added maintenance. Given their poor condition, it is our hope to remove these vehicles from our inventory before they become derelict.

Our intent is to eliminate these vehicles from inventory by trading them with a dealer for new vehicles under the FRP. We were able to secure a trade value of \$3,500 for BOCC# 6605, and \$4,000 for BOCC# 6970.

Pursuant to Nassau County fleet policy, we are requesting Board approval in allowing Nassau County Fire Rescue to trade these vehicles so that we may better maintain our quality of work. Our hope is to have this transaction completed in a timely manner to benefit our office, our staff, and most importantly, the taxpayers of Nassau County.

Thank you for your prompt consideration.

Sincerely,

Brady Rigdon
Fire Chief
