See attached justification letter. We believe the lack of interest may have been due to the approaching holiday season and the amount of current work available in the area.

Just a simple letter with good reasoning for not re-bidding.

Robert,

I believe the answer to these 2 questions is no.

Was the solicitation extended?

Was the project re-advertised?

If the County wishes to move forward with current responses, please prepare justification for doing so.

Thank you,

Amy,

We advertised for an RFQ, and received qualifications from only two firms. I uploaded the forms to LAPIT before the holiday. Do you have enough information for FDOT to approve the County to begin negotiations for price?

Hi Robert,

I spoke with Amy regarding the documentation for their concurrence and if it needed to be reviewed before we went to the Board for approval and recommendation to negotiate. She said yes, they will need to review before it goes to the Board and all documents must be uploaded into LAPIT....a system I do not have. So if I get all the documentation to you, can you upload to keep this project on track? Thank you
