

Caleb,

Good morning,

We have reviewed the Bid Documents and here are our findings:

Estimated Construction Cost is \$474,505.40.

1. CPR Contracting, Inc. Bid Price: **\$217,000**. FDOT Bridge Construction experience. Worked with Superior Construction. They are the lowest bid.
2. Intron Technologies: **\$231,353.60**. Has Bridge Construction experience.
3. E&D Contracting: **\$236,310**. Has Bridge Construction experience.
4. Premier CPS: **\$275,008**. Has Bridge Construction experience.
5. M & J Construction: **\$282,351.64**. Has Bridge Construction experience.
6. Southern Road & Bridge: **\$422,000**. Has a lot of FDOT Bridge Construction experience.
7. Proshot Concrete: **\$483,900**. Has a lot of FDOT Bridge Construction experience.

CPR Contracting is the lowest. If the contract is based on lowest Bid they are ranked No. 1. They have worked with FDOT. I have checked one of their references and they were happy with their work.

Please call me whenever you get a chance.

Thank you,

Sincerely,

Ali A. Najafi, P.E.
