Double Chip Seal Upgrade Program

Budget: \$340,000

Estimated Completion Date: September 2020

Status: Engineering Services provided the final specifications for the Board at the January 27th Chip Seal Workshop. Staff was given the direction to move forward with the program, following the specifications provided. Staff has prepared the list of roads for the County Engineer to provide to the Board.

Multiple Districts

Roadway Striping Upgrades

Budget: \$ 150,000

Estimated Completion Date: Completed

Status: This program is designed to refurbish worn striping on County paved roads in order to provide proper visibility of pavement markings to our motoring public. Staff received the estimates and prepared the requisition for a Purchase Order. The pre-con was held on February 26th, and since then work has been completed. Staff has verified quantities and the invoice has been process and paid.

Multiple Districts

Sidewalks

Budget: \$ 150,000

Estimated Completion Date: September 2020

Status: This program is designed to repair damages to Nassau County sidewalks. Staff has identified all damaged sidewalks and are finalizing the specifications in order to be bid out. Staff anticipates requesting to go out to bid in late May for the repairs. The Department recently purchased a concrete grinding machine and has begun grinding sidewalk sections to eliminate trip hazards and restore them to FDOT standards. Approximately 60 areas have been repaired. Staff anticipates work being completed by September 2020.
