I am not sure, Janet. I would feel comfortable with 30 days, or end of April. I would include notification to Gillette and Associates as well.

RE: your stop work order - pond and borrow pits

What is the current status on this complaint? Has there been any correspondence with your department to correct the violation? Officer Bostick received a phone call from Gillette and Associations March 23, 2020 about the permits.

Due to CORVID-19 Code Enforcement would like to grant them an extension. How long would Engineering like the extension to be granted?

Please advise. Thank you for your time and assistance.
