

Nassau County Commission  
Chairman Leeper,

April 2, 2017

Dear Sir,

I recently read in the News Leader about a county initiative to build more affordable housing here in Nassau County. The article stated that a task force would be commissioned to study and report on the suggestion.

I would like to be a member of that task force. My qualifications are: BS in Business Management, MBA in Executive Business Management, both from Fairleigh Dickinson University. I am retired from IBM, International Division, where I worked for 30 plus years in various roles in South America, the Far East, Australia, and Europe. My last assignments were in the consulting and project management areas.

I was elected to the Englewood Cliffs (NJ) town council where I served on the Planning Board, Board of Adjustment and at various times was the Council Liaison (commissioner) to Fire, Police and Public Works departments.

In addition to my church involvements I am a member of the Executive Board of the Isle of Eight Flags Shrimp Festival.

I purchased a house in Nassau county in 1998 and moved here in 2000. I was appointed to the Nassau County Code Enforcement Board and during my tenure served as Chairman two separate years.

I believe that Nassau county is a vibrant and excellent place to live and would like to help the county become even more attractive and affordable for those wishing to live here.

Sincerely,

Roger Wasik
