

AS-BUILT CERTIFICATION BY REGISTERED PROFESSIONAL

Project Name: Part A – Lift Station No. 1 and Part B – Lift Station No. 3 Replacement

I hereby certify that all improvements to the above reference project and all components of the wastewater management system have been built substantially in accordance with the approved plans and specifications on file at Nassau County and the project is ready for final acceptance and release of any retainage payments due to the Contractor. Any substantial deviations, as noted below, will not place the site out of compliance with the Nassau County specifications and furthermore will not prevent the wastewater management system from functioning in compliance with the requirements of Nassau County when properly maintained and operated. These determinations have been based upon on-site inspection(s) by me or by my designee under my direct supervision and my review of the As-Built drawings accompanying this certification.

Patrick B. Stanford, P.E.
