Subject: Fire Station 71 Design Build

Mr. Hagins:

Our proposed Architect for this project provided a lump sum proposal for this project. They have notified CC Borden Construction that the amount was based upon the estimate for construction being \$1,700,000.

They have requested an additional \$132,500.00 be added if they design the project. That amount would have to be added to our contract at this point in time.

We also noted in an earlier email that we used regular smooth face block unfinished (not painted) for the exterior of this building.

Let us know if you have any questions.

Very Truly Yours,

Camille C. Borden
President
