Subject: RE: New 2018-2019 County Grants

This email regards your requested extension of the deadline to apply for Nassau County's next state EMS "county" grant, which will be ID Code C7045 for \$8,579.00 in new funds.

The application for the County Grant is now due for receipt by state EMS by 12/14/18.

However, the grant will be to improve and expand Nassau County's EMS which will benefit the visitors to and residents of Nassau County who require prehospital EMS services. The state derives no goods and services. There are no federal funds involved. This "county" grant is required by 401.113 (2) (a), Florida Statutes, and it is consistent with the objectives for this grant program to enable Nassau County as possible to obtain this grant.

Therefore, as state EMS grant officer and Florida Certified Contract Manager of these grants and to permit the time needed, I hereby extend the date for Nassau County to complete its county application process for the new grant and to submit it for receipt by the state by January 31, 2019. If you can apply sooner, you may of course send the application to us at any earlier time.

The extended deadline is authenticated by our emails.

Thank you very much for your services and initiative for completing this grant application.
